	Informationen [41510-1] Information				
	Ergonomie [41511-1] Ergonomics				
	Dokumentation [41512-1] Documentation				
	Statusanzeige [41513-1] Status display				
	3D-CAD-Geometrien [41514-1] 3D CAD geometries				
	Sicherheit [41515-1-1] Safety				
	Sicherheit [41515-2-1] Safety				
	Pro-Hub Funktion [41516-1] Pro-Hub function				
	Gaspedalfunktion / Echt Stufenlos [41517-1] Variable control / variable speeds				
	Hochleistungsmotor [41518-1] High-performance motor				
	Geringe Geräusche [41519-1] Low noise level				
	Geringes Latpendeln [41520-1] Minimum load sway				
	Temperaturbereich [41521-1] Temperature range				
	Rutschkupplungsüberwachung [41522-1] Slipping clutch monitoring				
	Hohe Lebenserwartung [41523-1] Long service life				
	Servicefreundlich [41524-1] Easy to service				
	Voreinstellbare Schutzzonen [42055-3] Programmable protected zones				
	Energieeffizienz [42055-22] Energy efficiency				
	Synchronisierung [42055-6] Synchronization				
	Umfahren beweglicher Objekte [42055-27] By-pass movable objects				
	Betriebsanleitung lesen [42055-33] Read operating manual				
	Shop [42055-20] Shop				
	Sicherheitshinweise [42055-9] Safety instructions				
	Adaptive Hubgeschwindigkeit+ [41675-3] Adaptive lifting speed+				
	Lastwendefunktion [41675-1] Load Turning				
					
			Online Konfigurierung [41525-1] Online configuration		
			Sendertausch [41526-1-1] Transmitter transfer		
			Sendertausch [41526-2-1] Transmitter transfer		
			Zielpositionierung [41527-1] Target positioning		
			Endpositionierung [41537-3] End positioning		
			Umfahrsteuerung [41528-1] Bypass control		
			Tempolimit Funktion [41529-1] Speed limit function		
			Tandemmodus [41530-1] Tandem mode		
			Tandemmodus [41530-2-1] Tandem mode		
			Koexistenz [41531-1] Coexistence		
			Schlaffseilüberwachung [41532-1] Slack-rope monitoring		Funktion für Kettenzüge nicht verfügbar Not available for chain hoists
			Schlaffseilüberwachung [41536-1] Slack-rope monitoring		
			Bereichsbezogene Lastreduzierung [41534-1] Area-specific load reduction		
			Ausdauer [41535-1] Endurance		
			Ferndiagnose in Echtzeit [41533-1] Remote diagnosis in real time		
			Schlaffseilüberwachung [41537-1] Slack-rope monitoring		
			Erweiterter Geschwindigkeitsbereich [42055-34] Extended Speed Range		
			Überwachung Schrägzug [42055-7] Skew control		
			Master Follower-Einsatz [42055-16] Master follower application		
			Follow me Funktion [41666-1] Follo-me function		
			Produktionsstandort [41540-1] Manufacturcn location		
			Download [42055-26] Download		
			Log In [42055-17] Log in		
			Website aufsuchen [42055-2] Visit website		
			Aktive Pendelregelung [41537-4] Active Sway Control		
					Hakenzentrierung [42055-31] Hook centering
					Hub-Feinpositionierung [42055-30] Load floating
					Micro speed [42055-35] Microspeed
					Minimierung von Lastspitzen [42055-29] Shock load prevention
					Begrenzter Arbeitsbereich (lehrbar) [42055-28] Working limits (teachable)
					Endpositionierung [42055-23] End positioning
					Ziel-Positionierung [42055-4] Target positioning
					Semi-automatische Positionierung [42055-8] Semi-automatic positioning
					Hakenausgleich [42055-21] Hook leveling
					Tippschaltung [42055-19] Inching
					Lastanzeige [42055-18] Load display
					Positionsanzeige [42055-13] Position display
					Geschützte Bereiche [42055-12] Protected areas
					Regenerativer Antrieb [42055-11] Regenerative Drive
					Lastbegrenzung Kranbahn [42055_10] Runway load limit
					Synchronisiertes Heben [42055-5] Synchronized lifting
					Direkte Drehmomentregelung [42055-24] Direct Torque Control
					Mechanische Bremskontrolle [42055-15] Mechanical brake monitoring
					Free drive Funktion [41699-1] Free drive function
					WLAN [41541-1] WLAN
					Fahrhilfe [42055-25] Drive assist
					Montieren und installieren [42055-14] Assemble and install
					Null Emissionen V-Type [42055] Zero-emission V-type
					Lasthinderniserfassung [41675-2] Load Jam detection
