In case Supplier anticipates delay, it shall immediately notify Purchaser in writing, identifying both the cause and estimated duration of the delay. This does not limit Supplier's liabilities resulting from late delivery.

In case the Delivery Time is exceeded for any reason culpably caused by Supplier, Purchaser shall be entitled to compensation as liquidated damages. The Parties acknowledge that (i) the amount of loss or damages caused by Supplier's delay is incapable or difficult to precisely estimate, and (ii) the amounts specified are a reasonable estimate of loss or damages and not a penalty.

If the Parties have not agreed on a specific acceptance of the Product, or commissioning of the Product, the packing of Product shall be only visually inspected by the Purchaser after the Delivery in accordance with the agreed delivery term. Acceptance of the Delivery shall not to any extent release Supplier from any of its obligations and shall not limit Purchaser's right to compensation for non-conforming Products and/or the Services or any other remedies relating to the Purchase Agreement.

The same right shall accrue to Purchaser, if in case of urgency, in case there is a risk of personal or property damage and in order to mitigate costs Purchaser reasonably finds it inappropriate to wait for Supplier to carry out the work.
